ABOUT THIS DOCUMENT

How Gate79 looks and sounds everywhere: website, proposals, reports, social and print. Edition 02 matches the live website. If something isn't covered, choose more space, fewer colours and the supplied artwork.

Who we are

A marketplace growth agency for brands on Amazon. One accountable team for listings, creative, advertising, operations and analytics, judged by the sales it earns.

> “A gate is a way in. Seventy-nine is our standard. We open the door to Amazon, then keep every metric pointing up.”

MISSION

To give ambitious brands a clear, measurable path to growth on Amazon and on the marketplaces that come next.

PROMISE

Senior people, plain reporting and work you can see. Every month you know what we did, what it earned and what comes next.

Brand personality

Precise	Data-led and exact. Numbers before adjectives, evidence before opinion.
Assured	The calm confidence of people who have done this before. No hype, no pressure.
Ambitious	Always pointing up and to the right, like the arrows in the mark.
Open	Transparent reporting in plain English. Clients always know where they stand.

Created by Choudary Hussain Ali · Founder, Devoid Solutions

Tone of voice

Like a senior consultant talking to a founder: clear, specific, calm.

HOW WE SOUND

“Your ad spend fell 22% while sales held. Here is what changed, and the two tests we run next.”

- Lead with the result, then the reason.
- Use real numbers, dates and names of things.
- Short sentences. Plain words. Sentence case for headings.

HOW WE NEVER SOUND

“🚀 10X YOUR SALES OVERNIGHT!!! Guaranteed #1 ranking!”

- No shouting, all-caps hype or exclamation marks.
- No guaranteed rankings or results. Amazon decides those.
- No jargon soup or empty superlatives like “world-class”.

02 — LOGO

The mark

A gateway arch, two rising arrows and the 79 at its heart. Always use the supplied files. Never redraw it.

1 **The gate**

The outer arch is a gateway: our role is to bring brands into Amazon and through to growth.

2 **The layers**

Two rings of segments in Ice and Graphite stand for the disciplines we run together: listings, ads, creative, operations and data.

3 **The arrows**

Two parallel arrows break out of the arch, up and to the right: growth that keeps going.

4 **The 79**

Set at the heart of the gate, the numerals are the name and the standard we hold ourselves to.

The logo suite

MASTER

The mark

The 3D mark exactly as approved, never redrawn, recoloured or cropped. Use it for social avatars, presentation covers, signage and anywhere the mark stands alone.

WEBSITE HEADER

Horizontal logo

The mark beside the wordmark. Built for horizontal spaces: the website header, email signatures, invoices and report headers.

PRIMARY

Stacked logo

The mark above the wordmark and the signature line “Marketplace growth agency”. Use it when there is room: proposals, about pages, covers and print.

LIGHT BACKGROUNDS

On white

The mark itself never changes. On light pages only the wordmark switches to Black, with 79 in Ice Deep. Use it for documents, proposals and light website sections.

LIGHT BACKGROUNDS

On Stone

The same light version on Stone, for print, packaging inserts and soft website sections. Keep the background flat and calm.
